PLEASE DONT THROW ME INTO THE BRIAR PATCH says Microsoft, and so what do you do?
Throw them int the briar patch!!!

When I buy Microsoft's junky programs I am forced to beg them to use it via secret number I need to beg them for.

CAN YOU IMAGINE A SETTLMENT MORE FOOLISH THAN FORCING MICROSOFT TO
ADVERTISE TO SCHOOLKIDS OF ITS MONOPOLY???? YOU CAN HAVE ANYTHING YOU
WANT AS LONG AS IT IS MICROSOFT!

Years ago Xerox was forced to sell machines not just rent them along with the phone company , and
Kodak had to stop forcing developing sales with its film. But Microsoft now gets free advertising and
boosts to its stranglehold monopoly on "operating systems"!
